Re: Bus Eligibility

Dear Parents:

Students residing within school boundaries are eligible to ride the bus if they live two miles or more away from the school. Bus passes will be mailed to those eligible students prior to the first day of school. If you have questions about stop locations or times, please contact the school.

If your home is within two miles of the school, but you would like your child to ride the bus, you may fill out a Bus Request Form available at the school from the Main Office or Attendance. Requests will be accepted at the school one-week prior to the start of school.

If there is space available on buses after eligible students have received bus passes, the District's Transportation Office will review the request forms submitted and determine eligibility for students to ride the bus based on safe walking routes. Students who are eligible to fill vacant spaces on the bus will be issued a bus pass. The school will notify you by letter if your bus request is not approved.

This process can take several weeks to complete. If you are waiting to have a bus request processed, plan alternative transportation for your student until you are notified if your request has been approved or denied.

Please feel free to contact the school at 801-412-2450 with any questions.

Sincerely,

Fort Herriman Middle School Administration.
